## Technical information backing pad QMC 555

### Technical Details:

Product name:	QMC 555
Material:	Plastic
Hardness:	Soft, Medium, Hard
Mounting:	Internal thread M6 or shaft Ø6 mm
Diameter:	25, 38, 50, 76 mm

Backing pad QMC 555

### Available stock items:

Ø backing pad [mm]	Density	Colour	Max. RPM
25x6	Soft	Grey	30.000
25x6	Medium	Blue	30.000
38x6	Soft	Grey	30.000
38x6	Medium	Blue	30.000
38x6	Hard	Red	30.000
50x6	Soft	Grey	30.000
50x6	Medium	Blue	30.000
50x6	Hard	Red	30.000
76x6	Soft	Grey	20.000
76x6	Medium	Blue	20.000
76x6	Hard	Red	20.000

### Information about application:

Application:	For secure mounting of QMC disc
Machine:	Angle grinder, drilling machine (or other machines with clamping chuck), flexible shaft

### Product properties:

Backing pad can either be mounted on machine spindle with 6 mm shaft or with M6 internal thread. Due to selectable densities the backing pad can be used more flexible for aggressive grinding or finishing.
