Structure

Grit	Aluminium oxide
Coating	Close
Bonding	Resin
Backing	X-cotton
Production width	1.550 mm
Other	
Delivery form	Short and long belts, wide belts, abrasive sleeves

Application

Material	Steel, stainless steel, non-ferrous metal, wood (especially hard wood), plastic
Application	Rough grinding up to finishing of surfaces and edges (dry)
Machines	Back stand grinding machine, wide belt sander, through-feed grinding machine, parquet grinders and many other stationary and hand-operated grinding machines

Market segment

Metal and wood processing industry and trade in general, e.g. fitter's shops, metal construction, steel construction, railing construction, coil and sheet metal working, carpentries, furniture workshops, processing of parquet

Product utility

High-grade abrasive cloth with very good grit adhesion and solid cotton backing. Very versatile applicable in all areas of metal and wood processing. Due to the wide range of grit sizes for extreme rough grinding respectively calibration sanding as well as also suitable for ultra-fine finishing. Special application as abrasive sleeve for use on rubber drums (GK 310) and as cloth flap in flap grinding tools.
