Structure

Grit	Aluminium oxide
Coating	Semi-open
Bonding	Resin
Backing	E-paper
Other	Velour laminated
Delivery form	Velcro discs and strips with and without holes

Application

Material	Wood, metals, stainless steel, paint/varnish/filler, plastic
Application	Rough, intermediate and finish grinding of flat and slightly contoured
Machines	Random orbital sander, delta sander

Market segment

Wood and metal processing trade and industry in general (joiner/cabinet maker, paint shops, metal construction, mold construction, machine building, ...)

Product utility

High-grade, universal abrasive paper for nearly every sanding application with hand-held machines. High aggressiveness and reduced loading because of semi-open coated grain. Good edge stability and high tear-resistance due to sturdy E-weight paper backing. Backside laminated with velour for fast and easy fixing and changing of discs/strips on usual velour-backed pads. Available in various sizes and hole pattern directly from stock for most established machines.
