

PR-WLP604

WORK-TAINER

Professional worktainer - capacity 500 kg.

Perfect quality!

- Equipped with a plastic base plate, enforced with steel pipes.
- Lightweight.
- 4 Super-light running low-noise castors, 2 with brakes.
- Robust design for intensive use.
- Low noise, so also suitable for transport during the night (65db).
- With easy "one-touch" operation to fold in seconds.
- Equipped with double coating, both finish painted (approx. 20µ) and powder coated (approx. 70µ).
- No loose parts, so nothing can get lost.
- Different accessories available. (extra platforms, document bag, etc.)
- Nestable, ideal for lack of space in supermarkets, warehouses, department stores, distribution and storage.

Delivered completely assembled.
